Medical.

Baltimore Lock Hospital.
DR. JOHNSTON,
Physician of this celebrated Institution, has discovered the most Certain, Speedy, Pleasant and Effectual Remedy in the World for all
DISEASES OF IMPRUDENCE,
Weakness of the Back, or Limbs, Strictures, Affections of the Kidneys, or Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the heart, Timidity, Trembling, Dimness of Sight, or Giddiness, Diseases of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those terrible disorders arising from Solitary Habits of Youth—secret and solitary practices, more fatal to their victims, than the songs of the Sirens to the Mariners of Ulysses, blighting their most brilliant hopes, or anticipations, rendering marriage, &c., impossible.
YOUNG MEN
especially, who have become the Victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence, or waked to ecstacy the living lyre, may call with full confidence.
MARRIAGE.
Married persons, or Young Men contemplating marriage, aware of Physical Weakness (Loss of Procreative Power—Impotency,) Nervous Excitability, Palpitation, Organic Weakness, Nervous Debility, or any other disqualification, speedily relieved.
He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidentially rely upon his skill as a physician.
ORGANIC WEAKNESS,
IMPOTENCY, LOSS OF POWER,
Immediately Cured, and Full Vigor Restored.
This distressing affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgences.—Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny, that the power of procreation is lost sooner by those failing into improper habits, than by the prudent? Besides being deprived of the pleasures of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The system becomes deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility, and Wasting of the Frame, Cough, Consumption, Decay and Death.
A CURE WARRANTED IN TWO DAYS.
Relief in Six Hours! No Mercury!
Persons Ruined by Ignorant, Trifling Pretenders, and their Deadly Poisons, should apply immediately.
DR. JOHNSTON,
Member of the Royal College of Surgeons, London. Graduate of one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the Hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, boashfulness, with derangement of mind, were cured immediately.
TAKE PARTICULAR NOTICE.
Dr. J. addresses all those who have injured themselves by improper indulgences and solitary habits, which ruin both body and mind, unfitting them for either business, study, society or marriage.
These are some of the sad and melancholy effects produced by the early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.
MENTALLY.—The fearful effects of the mind are much to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self-Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.
Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of Consumption.
YOUNG MEN
who have injured themselves by a certain practice, indulged in when alone, a habit frequently learned from evil companions or at school, the effects of which are nightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.
What a pity that a young man, the hope of his country, the pride of his parents, should be snatched from all prospects and employments of life, by the consequence of deviating from the path of nature, and indulging in a certain secret habit. Such persons must, before contemplating
MARRIAGE,
reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view, the mind becomes shadowed to despair, and filled with the melancholy reflection that the happiness of another is blighted with our own.
DISEASE OF IMPRUDENCE.
When the misguided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame or dread of discovery deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease makes their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration till death puts a period to his dreadful sufferings, by sending him to that undiscovered country, "from whence no traveler returns."
It is a melancholy fact, that thousands DIE victims to this terrible disease, through falling into the hands of Ignorant or Unskilful PRETENDERS, who by the use of that deadly Poison, Mercury, &c., destroy the constitution, and incapable of curing, keep the unhappy sufferer month after month taking their noxious or injurious compounds, and instead of being restored to a renewal of Life, Vigor and happiness, is despair leave him with ruined Health, to sigh over his galling disappointment.
To such, therefore, Dr. JOHNSTON pledges himself to preserve the most inviolable secrecy, and from his extensive practice and observations in the great Hospitals of Europe, and The first in this country, viz: England, France, Philadelphia and elsewhere, is enabled to offer the most speedy, Certain and Effectual Remedy in the World for all diseases of Imprudence.
DR. JOHNSTON,
OFFICE, 7 SOUTH FREDERICK STREET,
BALTIMORE, MD.,
left hand side going from Baltimore street, a few doors from the corner. Fail not to observe the name and number.
Letters must be received unless postpaid and containing a stamp to be used on the reply. Persons writing should state age, and send a portion of advertisement describing symptoms.
There are so many Paltry, Designing and Worthless Impostors advertising themselves as Physicians, trifling with and ruining the health of all who unfortunately fall into their power, that Dr. Johnston deems it necessary to say especially to those unacquainted with his reputation, that his Credentials or Diplomas hang in his office.
ENDORSEMENT OF THE PRESS.
The many thousands cured at this establishment, year after year, and the numerous Surgical Operations performed by Dr. Johnston witnessed by the representatives of the press and many other persons, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

UNDER THE ICE.

Under the ice the waters run;
Under the ice our spirits lie;
The genial glow of the summer sun
Shall loosen their fetters by and by.
Moan and groan in the prison cold,
River of life—river of love;
The winter is growing worn and old,
The frost is leaving the melting mould,
And the sun shines warm bright above.

Under the ice—under the snow,
Our lives are bound in a crystal ring;
By-and-by will the south wind blow,
And the roses bloom on the banks of spring.
Moan and groan in thy fetters strong,
River of life—river of love;
The nights grow short—the days grow long.
Weaker and weaker the bonds of wrong,
And the sun shines brightly above.

Under the ice our souls are hid;
Under the ice our good deeds grow;
Men but credit the wrong we did—
Never the motive that lay below.
Moan and groan in thy prison cold,
River of life—river of love;
The winter of life is growing old,
The frost is leaving the melting mould,
And the sun shines warm above.

Under the ice we hide our wrong—
Under ice that has chilled us through;
O, that the friends who have known us long,
Dare to doubt we are good and true!
Moan and groan in thy prison cold;
River of life—river of love;
The winter is growing worn and old,
The roses stir in the melting mould;
We shall be known above.

PROCEEDINGS OF THE ADAMS COUNTY CONVENTION OF GOOD TEMPLARS.

The representatives of the Good Templar Lodges of Adams county met in Convention, in Bendersville, on the afternoon of Tuesday, the 7th inst. The sessions were held in the hall of Morning Star Lodge, a nicely furnished room in the school house of that place. H. C. Peters, the W. C. T. elect, called the Convention to order. The office of Secretary having become vacant, F. H. Hemperly was appointed to record the proceedings of the Convention.

A Committee on Credentials, consisting of brothers J. Atwell, F. F. Peters, and Amos Griest, was appointed.

Also the following Committee on Resolutions: F. H. Hemperly, John Blair, H. M. Minnigh, ——— Myers, and Mollie J. Myers.

The following acted as delegates for the Lodges named, although some did not arrive until Wednesday:

Gen. Reynolds Lodge, No. 180, John Atwell, J. M. Warner, F. H. Hemperly, Forrest McElroy.

Gen. Geary Lodge, No. 302, Emma Johns, Jennie Reitzel, Clara Myers.

Morning Star Lodge, No. 364, Jas. C. Wright, A. W. Griest, Mrs. L. J. Minnigh.

Gettys Lodge, No. 344, A. G. Fastnacht, Mary Blessing, O. D. McMillan.

Oxford Lodge, No. 860, John F. Blair, F. F. Peters.

The Business Committee was reconstructed to consist of H. M. Minnigh, J. B. Young, Clara Myers.

During the afternoon the G. W. C. T., S. P. Chase, arrived and was introduced to the Convention.

A public session was, on motion of District Deputy Price, appointed for Wednesday evening, to be held in the M. E. Church.

After some interesting remarks by the members, the following was adopted:

Resolved, That as true templars, we should exert our influence to secure the use of unfermented wine at the Communion table.

The Convention met, in pursuance of adjournment, at 6½ o'clock in the evening. H. M. Minnigh, Clara Myers, Clara Price, Mollie J. Myers, John Atwell, and Forrest McElroy, were appointed a Committee to take charge of the singing in the Church. After some preliminary business, the Convention adjourned to the M. E. Church where a large audience was in waiting, to listen to an address by the G. W. C. T., S. P. Chase.

This lecture was interesting as well as instructive to all, and was received by the large congregation present, with marked attention.

Upon returning to the Hall, the G. W. C. T. exemplified the unwritten work, and gave many excellent suggestions as to the most successful manner of prosecuting our great design,—the rescue of the fallen.

On Wednesday morning the G. W. C. T. further explained the degree work of the order, after which reports, by the various representatives, of the condition of their Lodges, was taken up. These reports indicate a fair degree of prosperity in the order, and were listened to with interest by the Convention.

On motion of District Deputy Price, the Convention determined to hold its next session in the town of Oxford, to commence at 10½ o'clock, A. M., of Tuesday, the 25th of April next. The G. W. C. T. announced his intention of being present at that session.

In the afternoon the following officers of the next Convention were elected: W. C. T., F. H. Hemperley; W. V. T.," Mollie J. Myers; W. S., Frank F. Peters; W. T., J. M. Warner.

The following resolutions were presented and adopted:

WHEREAS, Intemperance is the bane of society, the progenitor of crime, the destroyer of peace, virtue and happiness; and whereas the public mind is being slowly but surely educated up to a higher standard on the temperance question, it is

Resolved, That with feelings of gratitude to Almighty God, in whom we trust for final success, we hail with delight the increased interest on the part of the people in the temperance reform.

Resolved, That we feel greatly encouraged in our conflict with the rum power, and that we dedicate ourselves anew to the great work of saving man from its destructive influences.

Resolved, That we hail with delight the presence of G. W. C. T. Chase in our midst, and that we acknowledge ourselves greatly strengthened and encouraged by his good counsels and words of cheer.

Resolved, That we will make more earnest efforts in spreading our principles of reform among the people, by a more general diffusion of sound temperance literature through the circulation of temperance papers, tracts, &c.

The W. C. T., elect, announced that a prize would be awarded to the Lodge which should make the largest number of initiations during the ensuing quarter.

On motion of H. M. Minnigh, the Convention recommended the various lodges to compete for the offered prize.

A very interesting session was held in church in the evening. The W. C. T., H. F. Peters, presided. The exercises consisted of singing by the Convention, prayer by District Deputy Price, singing, &c., and an introductory address by F. H. Hemperly. After another song, Mr. H. presented the following resolutions:

Resolved, That it is the duty of all parents who desire the highest happiness of their children, both in this world and the world to come, to induce them to believe in as well as to practice total abstinence from all that can intoxicate.

Resolved, That, as the sad effects of intemperance are not confined to the bodies, but involve also the souls of men, it is a part of the christian duty of all who profess to love the Lord to give their countenance to, and actively support all proper movements looking towards its overthrow.

Resolved, That woman, whose influence is so mighty for weal or for woe, possesses almost unlimited power over the demon evil intemperance, and that, as she is herself one of the greatest sufferers by its scourges, she owes it to herself, as well as to our common humanity, to conscientiously use that influence for good.

All present were invited to participate in their consideration. They were taken up and acted upon separately, and after a number of spirited speeches by Messrs. Price, Minnigh, Myers, Peters, and Hemperly, were adopted.

The following by J. M. Warner, were adopted by a standing vote:

Resolved, That a vote of thanks be returned to the officers and members of the M. E. Church for their kindness in permitting the use of their Church by the Convention.

Resolved, That this Convention hereby returns its hearty thanks to the citiz

The Star and Sentinel.

FRIDAY MORNING, Feb. 17, 1871.

D. A. BUEHLER, Editor and Business Agent.

Advertisers and others interested will bear in mind that the regular circulation of the "STAR AND SENTINEL" is much larger than that of any other paper published in the County, being read weekly by not less than 11,000 persons.

A CORRESPONDENT—for whom personally we have the highest respect and the sincerity of whose convictions we cheerfully concede—takes exception to our editorial reference to the political out-look in France, in the STAR AND SENTINEL of the 3d inst. His article will be found in full on the first page of to-day's issue. While claiming the right, at all times, freely and fully to express our convictions on current events of general interest, we have not deemed it our province, as conductors of a secular journal, either to advocate or antagonize religious systems or matters specially within the domain of theological controversy. In our reference to the *status* of matters in France, nothing was further from our purpose; and if it will at all relieve our correspondent's apprehensions, we can frankly assure him that, in penning the article to which he takes exception, the fact that the Roman Catholic is the dominant religion in France did not enter into our mind. He is unduly sensitive; and in assuming that, under cover of our general statement, was an intended assault upon the Catholic Church, as opposed to popular education and Republican institutions, he does himself and us injustice. On this assumption, our correspondent proceeds to raise sundry issues—the relations of the Catholic Church in the United States to the Common Schools, the Bible, and the Rebellion,—the agency of secret societies, &c., the discussion of which we must respectfully decline. We content ourselves with giving him a full hearing.

A word or two on the subject matter of our editorial. We took the liberty of expressing the belief that Republican institutions would not work well in France, because of our conviction that the essential basis was wanting—popular intelligence, an enlightened conscience, recognition of human accountability to God, confidence in the essential integrity of man—the education of the masses, moral and religious, being defective. We may or may not be mistaken in all this. But if the fact be so, to charge it as the result of the polity of the Roman Catholic Church, is simply a *non sequitur*. The question is not whether this condition of things be the fruits of the Catholic system or in despite of its teachings, but whether it exists in fact. With the *cause*, we do not care now to concern ourself. We have the general conviction that the Church, whether Catholic or Protestant, exerts its influence best and most efficiently over the hearts and minds of men, when operating freely, and untrammeled by connection with the State. The Archbishop of Cincinnati held before the Œcumenical Council—and we think correctly—that nowhere is the Catholic Church developing in more rapid or potent agency than in the United States, and that because of its freedom from entangling alliance with the State. Unfortunately history establishes the fact that, where Church and State are united, with mutual dependence, the democratic element is apt to confound religion with and hold it responsible for the crimes of the State.—So in the democratic uprising which swept over Europe in 1848. In Protestant Germany, the Church was by many regarded as but a synonym for despotism, and in the rebound against the latter, rationalism and infidelity marched side by side with the popular uprising. To charge this as the result of Protestantism or Protestant teaching, would be equally a *non sequitur*.

So in the memorable revolution which, at the close of the last century, drenched France in blood. In the popular rebound against the crimes of Monarchy, the Parisian mob and illiterate peasantry of the provinces insanely confounded religion with despotism—hunted down her ministers—closed the churches—dethroned God and substituted Reason as the only divinity worthy of man's homage—shamelessly crowning a courtesan as the symbol of their faith. The guillotine claimed for its victims not only the unfortunate Louis XVI, with the best and the noblest of France's men and women, but demanded the blood of godly Priests, whose only crime was that they ministered at the altars of religion. All this is simple history—and took place because of the lack among the masses, of that "popular intelligence, enlightened conscience, recognition of human accountability to God, and confidence in the essential integrity of man," which we hold to be essential to the right working of Republican Government.

We wish much that all Europe were Republican and her people fitted to administer Democratic institutions. On this western continent, in the orderings of Providence, the basis of free government was laid long years before the United States appeared on the theatre of nations. The Pilgrim Fathers in New England, the Catholics in Maryland, and the Friends in Pennsylvania, each, in their own way, planted the seeds which have developed into popular education, deep religious convictions, a recognition of God's sovereignty over men and nations, and a capacity for self-government. We wish every people in Europe had similar training and development. Our hopes of the early dominancy of Republican government among them would be brighter.

But Frenchmen are not Americans. Nor are we sure that the Frenchmen of to-day have essentially changed in temperament, or improved in capacity for self-government, since 1798. As we write the cable brings ominous statements of a demand for a revival of the guillotine made in public meeting, and of its approval by an excited populace. Remove the restraints of power, and we may have a revival of the reign of terror. Possibly not. We may be mistaken in these our honest convictions, but as long as they remain our convictions we claim the privilege of expressing them—and that is all.

FOR some days there has been a good deal of uneasiness as to the possible loss of the steamer Tennessee, which left New York on the 17th of January, with the San Domingo Commissioners, and which has not been heard from. These apprehensions, however, have subsided by official assurances from the Navy Department of the sea-going qualities of the vessel, and that intelligence of its arrival at that island could not reasonably be expected before the last of February, by reason of defective mail and telegraphic communication. As a precautionary measure, however, and to allay apprehensions, the Naval Commander of the Gulf squadron has been ordered to search for the Tennessee and report.

THE elections in France have resulted in a "conservative" triumph. By this term, we presume, is meant anti-Republican. In 54 Departments 80 Republicans have been elected, and 370 Orleanists and Bonapartists. The cities generally return Republicans, while the provinces return monarchists. Among the Republicans elected are Victor Hugo, Gambetta, Garibaldi, Louis Blanc, Quinet, Rochefort, Delescluze, Jules Favre and other prominent men of the party. Despatches from headquarters at Versailles represent that it is probable the Assembly will frame a Provisional Government, with the Count de Paris as President, and provide that at a future election the people shall decide between a restoration of the Orleanist dynasty or the establishment of a Republic.

The armistice will probably be prolongued, unless the Assembly should evince a purpose not to accede to the general demands of Germany. Louis Napoleon had issued a weak manifesto in favor of his own restoration to the throne. Should a Republic not be proclaimed, the Orleanist dynasty will have the inside track. Bonapartism is at a discount.

It is understood that the German army will make a triumphal entry into Paris on the 24th. The emperor William will proceed to the Tuilleries, and from thence review the German army as it passes. He will return to Berlin about the last of February, unless hostilities be resumed.

There is an increasing conviction, as the result of the French elections, that peace will be concluded. To guard against all possible contingencies, however, the German army around Paris is being increased and strengthened, so as to be able to resume hostilities, if necessary, promptly and effectively.

THE Grand Jury system, it appears, was several years ago abolished in the State of Michigan, and for it is substituted a plan of proceeding against offenders by an "information," which is nothing more nor less than an indictment presented by the District Attorney directly to the Court without the intervention of a grand jury. If a person is accused of a crime, and the District Attorney believes there is sufficient proof of guilt, he draws an "information" and files it with the Circuit Court, after which proceedings are the same as though an indictment had been found by a grand jury. If the District Attorney does not think there is enough to put the party on trial, he is required to report the case, with the evidence, to the Circuit Judge, for further action, if necessary. We see it stated that the Wisconsin Legislature are about to try the same experiment.

Whatever opinion may be entertained of the propriety of this innovation on our criminal system, the Michigan act has one commendable feature. Under our law, a prisoner arrested after the discharge of the grand jury, and who is unable to procure bail, although ready to plead guilty, must lie in jail until the next term of Court, to have a bill found by the Grand Jury, before he can enter his plea or receive sentence. The Michigan law gives the Judge the right to arraign the prisoner, receive his plea, and sentence him, at any regular or special term, thus avoiding the delay and expense incident to a formal presentment by a Grand Jury.

THE Alabama Claims are at last in a fair way of adjustment. Minister Schenck's delay in sailing for England, had given rise to various rumors and speculations. It turns out that active correspondence has been going on, for some weeks, between our Government and that of Great Britain, in regard to the appointment of a Special Commission to adjust the difficulties, to sit in Washington. Great Britain proposed such a Commission to settle the Fishery difficulties. Our Government asked that the Alabama claims be included, and to this Great Britain assented. The negotiations were so quietly conducted, that no person outside of the Government knew of them, and on Friday last President Grant startled Congress by sending to the Senate a Message, covering the official correspondence, and nominating five Commissioners on the part of the United States, viz:—Secretary Fish, Minister Schenck, Judge Nelson of the Supreme Court, ex-Attorney General Hoar, and Senator Williams. On Saturday the Senate confirmed the nominations.

The Commissioners on the part of Great Britain are:—Earl de Grey, Prof. Montague Bernard, Sir Edward Thornton, Sir John McDonald and Sir John Stafford Northcote.

The English Commissioners are already on their way to this country, and the Commission will go promptly to work.

A SILLY sensational article in regard to the Battle of Gettysburg, originating with the New York *Globe*, is going the rounds of our exchanges. The gist of the story is the statement, that a gentleman not connected with the army, resident in Connecticut, by some unexplained prescience, divined the purpose of Lee's maneuverings in the Cumberland Valley, and that he wrote to Gen. Meade two weeks before the battle occurred, giving his interpretation of these movements and predicting that Lee would fight him at Gettysburg—the inference being that Meade made his arrangements accordingly. All military men know that the fight at Gettysburg was precipitated by circumstances, without any previous intention to that effect on the part of either commander. Both Gen. Meade and Gen. Lee, in their official reports, so represent. But the best answer to this silly story is the claim that the alleged "letter" was written to Gen. Meade "more than a fort-night" before the battle was fought; whereas Gen. Meade superseded Gen. Hooker, on the march towards Gettysburg, only a day or two before he encountered Lee, and neither the Army nor the country knew of the change of commanders until the battle was fought. When people set to work to falsify history, they should at least try to make their story plausible by a decent regard to historical facts.

IN the House, last week, Mr. Hereter presented petitions to Messrs. Michael Lanvre, Barney Bigham, Israel Shanefelter, and Samuel Bingaman, of this county, soldiers of the war of 1812, for Pensions.

Mr. Hereter also presented a petition from 60 citizens of Mountjoy township, in favor of the "Local Option" law.

In the Senate, Mr. Duncan read a bill exempting from taxation all the parsonages in Adams and Franklin counties.

The Senate has passed a bill restoring the spring elections, fixing the third Tuesday of March, for the election of city, ward, borough, township and election officers.

The Senate has also passed the bill allowing women over twenty-one years of age to be voted for as school directors.

WE have already alluded to Mr. Cessna's explanation on the floor of Congress of his connection with the Chorpenning claim. We have since received a full copy of his remarks. In closing he defiantly challenged his enemies to show that he was interested in this, or any "job" during his whole public life. Said Mr. Cessna—

I do also most solemnly declare, Mr. Speaker, in your presence, in the presence of my fellow-members, and before the whole country, that I never did receive, nor agree to receive, nor was I ever offered, either in this case or in any other case, during the sessions of this Congress, or in any other public position of my past life, for any official act, a single farthing except the salary prescribed by law for the position I occupied. If there be a single member of this House who has any reason to believe otherwise, I beg him to institute an investigation and press it with vigor and energy. I also most positively assert that I have not and never had any knowledge of or any interest in any "ring" or "job," and never knew a member of any such "ring." I have never in my life been interested directly or indirectly in any Government contract whatever to the extent of a single dollar. I have never sold anything to nor bought anything from the Government.

If, among all the editors and correspondents who are now criticising me so severely, or among all the citizens of the Republic, even among my most bitter personal enemies or political adversaries, there be a single one who knows or can show that anything I have here asserted is not true, I earnestly invite him to come forward and establish his position. I will waive all statutes of limitation and all questions of jurisdiction, and allow him to select his own tribunal for the investigation and trial.

I have not much of this world's goods; have been in public position, occasionally, for more than twenty years, and have endeavored so to demean myself in such positions as to retain the confidence of those who know me; and hope to leave for my children and friends a reputation for honesty and integrity of which they need not be ashamed.

THE police of Philadelphia, including Chief Mulholand, were served a scurvy trick last week by a noted criminal, known as "Curly Harris." Curly was charged with serious crime, and the police were anxious to secure him. He was arrested in Pittsburg, on telegram from Philadelphia, and to make sure of their man, Chief of Police Mulholand himself, accompanied by three of his subordinates, started post-haste for Pittsburg, on a special locomotive. They secured their man, hand-cuffed him, and started for Philadelphia, taking turns in guarding the prisoner. All went well until the train got within 20 miles of Philadelphia, being the night express, when Curly got up, under pretence of going to the water-closet. All of a sudden he dashed past the officers, made his escape from the car, and jumped from the train, before the bewildered officers knew what they were about. The train, which was running at the rate of 30 miles an hour, was stopped as soon as possible, and search made along the track for more than a mile, but no Curly was to be found. Crest-fallen, chagrined and mortified, Chief Mulholand returned to Philadelphia to report the mis-adventure to the squad of police, who, by telegraph, had been notified to be at the depot on the arrival of the train, to take charge of the prisoner. Philadelphia police, like Philadelphia lawyers, have a reputation for sharpness, but "Curly" was too much for them.

A BILL, known as "the local option act," is pending in the Legislature, designed to give to each community the control of license to sell liquors. It provides that at the next municipal election in every borough, ward and township in the State, and every three years thereafter, the qualified voters can vote on the question of "license" or "no license." If a majority in any borough ward or township, vote adversely to license, no license can be issued for such district until the vote be reversed by a majority of the voters at the subsequent election—the act not to extend, however, to owners of vine-yards, who sell wine of their own manufacture in quantities of one gallon or more.

THE Congressional Conference Committee on the bill granting pensions to soldiers and sailors of the War of 1812, made a report which was agreed to. The bill as passed provides for pensions to the surviving officers and enlisted and drafted men, including militia and volunteers who served sixty days in the army and navy in the Revolutionary War or the War of 1812, and were honorably discharged, and to the surviving widows of such officers and drafted and enlisted men. The pensions are to be at the rate of $8 per month.

THERE are three claimants for the throne of France, outside of the Bonaparte family—the Count of Chambourg, grandson of Charles X and representative of the elder branch of the Bourbon families; the Duc d' Aumale, fourth son of Louis Philippe; and the Count of Paris, nephew of the Duc d' Aumale and grandson of Louis Philippe, representing the Orleanist or younger Bourbon family. Cable despatches represent the Count of Paris' chances the best, if a monarchy be declared by the National Assembly.

BOTH the Mechanicsburg Pa., papers have changed hands. The *Journal* will hereafter be conducted by Joseph Ritner, Esq., a gentleman of ability and a live Republican. The *Democrat* has been purchased by Robert H. Thomas, Esq., who, with Messrs A. H. Brinks and E. C. Gardner, will change it into an independent paper, to be known as "*The Valley Independent.*" The initial number of the new paper presents a handsome appearance and gives promise of energy and enterprise.

CONGRESS has adopted a joint resolution appropriating $5,000 to George F. Robinson, for his services in saving the life of Secretary Seward, when attacked by the assassin Payne. It will be recollected that Secretary Seward was ill in bed, and Robinson, who was nursing him, grappled with the assassin at the imminent peril of his own life, and succeeded in preventing the assassination. Mr. Seward was badly cut and stabbed in the struggle, but not fatally.

THE Democratic family quarrel in Cumberland county has resulted in holding Harris, one of the county Commissioners, to bail to answer a charge of corruption and bribery, preferred by Rhoads, the newly elected Commissioner. The *Volunteer*, the Democratic county organ, admits that rascality has been at work in the Commissioners' office, and, instead of concealment urges a thorough over-hauling of the accounts.

WE have just succeeded in bringing England to a fair basis for the settlement of our national claims against her. At Madrid some similar movement is being made by Minister Sickles, who is urging the Spanish Government to an indemnification of the losses and injuries sustained by American citizens in connection with the war in Cuba. The Administration is taking care of the people's interest.

GENERAL NEWS.

THE Pope intends to recognize the new Spanish dynasty at an early date.

A SLIGHT shock of earthquake was perceptible at San Francisco Friday morning.

THE Italian Chambers have passed a bill assigning regal honors and a body guard to the Pope.

MISS ALICE CAREY, the well known American poetess, died in New York on Sunday, aged fifty years.

DURING the last three months of 1870 the receipts of the Government were about $22,000,000 in excess of its expenditures.

THE Italian Parliament has, by the adoption of a resolution, declared the libraries and galleries of the Vatican national property.

PREPARATIONS are being made by the Prussians for a vigorous bombardment of Paris should France resolve on the rejection of peace.

ON Monday of last week, Hon. Issac E. Hiester, the leading member of the Lancaster Bar, died at his residence in Lancaster City, having been stricken with paralysis a few days previous.

A WISCONSIN man, who was bitten by a small dog, three weeks ago, became apprehensive of death by hydrophobia, and, to avert that catastrophe, committed suicide.

A DWELLING house in Northampton township, Bucks county, Pa., was burned Friday morning, and two small children, who were in bed at the time, perished in the flames.

DURING a fight at Auburndale, Mass., on Saturday, a combatant was knocked upon a railroad track, and, a train dashing by an instant afterwards, he was killed.

JULES FAVRE is reported to have made in the practice of the law, up to the time of the breaking out of war, fully 5,000,000 francs, and to have spent it like a Russian Prince.

THE Kansas Senate has passed a bill giving any person the right to sue for damages any one who sold him liquor, and also to sue the owner of the building in which the liquor is dispensed.

MR. A. T. Stewart makes the handsome gift to the sufferers in France of five thousand barrels of flour. The vessel will sail during this week. Two steamships cleared from New York on Saturday with cargoes of provisions.

A CRUEL feat was advertised to take place on Monday near Baltimore—a horse to trot twenty miles within two hours, carrying 1,000 pounds weight, the stakes to be $500. The Maryland Society for the Prevention of Cruelty to animals stopped the performance, and compelled the owner of the horse to give bond that it should not take place.

A HEAVY "divorce case" is pending in the courts of Northampton county. Robert A. Packer asks that the connubial bonds that unite him to Arline M. Packer, shall be dissolved. Mrs. Packer asks $100,000 to release her husband from the "little unpleasantness" that exist between them, and Robert offers $50,000, and asks "how's that for high?" Mrs. Packer answered that she won't take a cent less than $100,000, unless the law compels her.

THE Coal Miner's Benevolent Association held a meeting at Tamaqua, Pa., on Saturday, and resolved to resume work on the 15th of Febuary. It is asserted by a Philadelphia newspaper that the introduction of coolie labor into the Pennsylvania coal region is about to become a fact; that the contract has been signed for the importation of a number of coolies to work a Schuylkill county colliery, and that the first ship will arrive about the first of May.

PARIS has had a disappointment to embitter her defeat of a nature specially calculated to wound the sensitive Parisian mind. The great hero of the siege, the immortal Sergeant Hoff—who with his own hand slew over thirty Prussians, creeping out at night by himself, shooting his victim's helmet and musket as proof of his success; the heroic patriot who was given an official bulletin by Gen. Schmitz for his bravery; who was decorated by Gen. Trochu, interviewed by journalists, adored by the women, and regarded as a demigod by the populace—turns out to have been a Bavarian lieutenant and a spy, whose midnight excursions were made for the purpose of giving information to the enemy.

IT has come to the knowledge of members of the Legislature, and others, that there is a grand scheme organized whereby the government of Philadelphia is to be farmed out into commissions. It is said Tweed, King of the Tammany ring in New York, is chief engineer of the job. The necessary money is furnished on condition that the city will be given to the Democrats in 1872. Tweed thinks that the commissions can easly determine the politics of the community they govern. In ease the ultimate purpose is not attained, then part of the profits of the Broad street paving contract is to be used to reimburse those who advance the money to put through the commission bill. So we go.

NEWS OF NEIGHBORING COUNTIES.

FREDERICK.—John Martin, colored, was hung at Frederick on Saturday, for rape on the person of Margaret Butcher, a white woman, in April last. He made a confession admitting that he attempted the outrage, but was alarmed by Mrs. B.'s outcries and he left.

FRANKLIN.—A son of Andrew Henry, of Stauffertown, aged between three and four years, in passing over a plank across the race at Stouffer's Mill, fell into the race, on Friday last. In the evening of that day, the child followed his father to the barn; after remaining there a short time his father sent him to the house. The child was not seen or missed, until about an hour afterward, when his father in searching found him floating in the water at the mill.—The Directors of the Poor have appointed Samuel Brandt Steward, John R. Orr Clerk, and Dr. W. H. Boyle, Physician, to the Poor House.—Sarah Wilson, an aged maiden lady of 75 years, and very wealthy, died in St. Thomas township on Thursday last. Some time ago she donated $30,000 to the new Female Seminary in Chambersburg, $5,000 to the Presbyterian Church, $2,000 to an Orphans Home, besides other benevolent contributions. She leaves an estate of $150,000, which goes to an only sister, 90 years of age, residing in Westmoreland county.

YORK.—Jacob Schneider, of Hopewell township, fell dead in his dwelling on Monday. He had been at the barn threshing, and had just entered the house apparently well. Heart disease was the supposed cause; aged 53 years.—Last Wednesday two little children of Daniel Lanmaster, York, were playing with matches, beside a cradle, when the bed clothing took fire, consuming a feather bed, &c., before the flames were extinguished; matches are dangerous playthings for children.

FURNISHED ROOMS to Let.—Three furnished Rooms to let, in the Centre square, desirable for students or others. Terms reasonable. Enquire of Mrs. Harriet Harper. tf

CENSUS OF 1870.

Population of the United States.

OFFICIAL.

The complete returns of the census of 1870, required by the Constitution, as published in the *Tribune Almanac*, foot up as follows:

Alabama	996,175
Arkansas	473,174
California	549,908

KU-KLUX OUTRAGES.—Much excitement prevails in South Carolina, owing to the outrages of the Ku-Klux in the upper counties. A body of five hundred masked horsemen surrounded the jail of Union county on Sunday night, tied the jailor and took out ten negro prisoners confined on charges of murder and arson. Six of these were shot, two were hung and two are missing. The pretext for the crime was that the prisoners were about to be removed to Columbia on a writ of *habeas corpus*. Much indignation at the lynching prevails among the common of the people, without regard to party.

TEACHERS' INSTITUTE.

An Institute was held in York Springs, Borough, by our worthy County Superintendent, on the evening of Feb. 10, and organized for the selection of S. K. Sayers, President; John M. Bushey, Vice President; and D. S. Brenneman Secretary.

On motion of Mr. Wert, an Executive committee was appointed, consisting of Messrs. F. W. Heilbecker, C. G. Beals and Dr. G. A. Uhler.

The exercises consisted of "Practical Talks," by the Superintendent, Select Readings and Discussions, interspersed with vocal music by Mr. Heilbecker and pupils.

Question for discussion, "Is Corporal Punishment justifiable in our common schools?" Discussion was participated in by J. A. R. McBride, Mr. Wert, P. Griest, Mr. Townsend, and Mr. Heilbecker. Instituted adjourned to meet Saturday, at 9 o'clock, A. M.

Saturday Feb. 11—Institute met at appointed time and organized by calling Mr. Townsend to the chair. Opened with prayer and vocal music. There were three sessions held on Saturday, the exercises consisting of Practical talks, Class-drills, Select Readings and Discussions.

A contest in orthography was entered on Saturday afternoon, and the prize, a copy of Mrs. Randall's work on "Elocution," awarded to Miss L. Kate Getz.

The principal subjects for discussion were:—How can we best awaken an interest in our common schools? Parental co-operation? Should district Institutes be encouraged? Should Teachers' Salaries be graded according to qualifications? Should the minimum school term be increased to six months?

Discussions participated in by Messrs. Wert, McBride, Sadler, Uhler, Beals, Townsend, Col. Wolford, P. Griest, Leer, J. L. Kittinger, Heilbecker, and Brenneman.

The Institute adjourned to Friday Feb. 24 to continue in session two days.

The interest manifested by Teachers, Directors and citizens generally, gave evidence that the Institute was an entire success.

THAT FOX.

MR. EDITOR:—Your correspondent, "Fair Play," is all wrong in his version of the capture of that Fox, and does Mr. Spangler and others gross injustice. He is correct in his statement as to the fox being captured on the farm of J. U. Neely, Esq., and that is about all the truth in his article. In fact, the fox was started on the farm of Philip Donahue by what your correspondent calls the "*Compiler*" hunters, and followed to Swift Run and Little Conowago—thence by the Pine church, through the farms of Messrs. Thomas and Shull, on to farm of Mr. Neely. Here the fox was picked by the gentlemen whom "Fair Play" champions, while the other hunters were but a few hundred rods off. The fox was handed by Mr. Graft to James Heath, of the "*Compiler*" hunters, and by him to Mr. Samuel Spangler, as the proper owner. After a social chat, the parties separated, supposing all were satisfied. By the rules of the chase, the party who starts a Fox, and follows it up, until capture, are entitled to it. These are the simple facts which can be attested by gentlemen who were present. JUSTICE.

PILES.—How uncomfortable are itching piles? How terribly painful are internal, external or bleeding piles! Brigg's unrivalled Pile Remedy is mild and soothing in its effects, and a positive cure for piles of every description. It has never been known to fail, when used according to direction.

CORNS, BUNIONS, BAD NAILS, CALLOUSITIES, &c.—It is an astonishing fact nine out of ten persons we meet are sorely troubled with their feet. Very few are exempt. Dr. J. Briggs' popular remedies—Curative and Alleviator—are reliable and certain in their effects. The Curative for sore and tender corns, bunions, bad nails, &c., is a soothing balm for wounded feet, and rapidly cures the worst cases.—The Alleviator, for the cure of common corns and bunions, and the prevention of all corns, is a puzzle to scientific minds. Above medicines sold by A. D. Buehler, J. M. Huber and Druggists generally.

LOCAL ITEMS.

REMOVED.—Franklin Penn, colored, whose arrest a few weeks ago we noticed, on the charge of stealing a horse at Frederick, Md., has been taken to that place, on a Governor's requisition.

GRANITE CONTRACT.—Messrs. Powers & Atkinson, of this place, have received the contract for the granite to be used in the large new building at St. Joseph's Academy, near Emmitsburg. The contract will amount to about $4,000, and this not including outside steps.—*Compiler.*

ELECTION.—The following gentlemen were, on the 4th inst., elected officers of the Mummasburg Mutual Fire Protection Society: President, E. W. Stahle; Vice President, Michael Dietrich, Sr.; Secretary, James Russell; Treasurer, H. J. Brinkerhoff; Executive Committee, Peter Scholl, H. Plank and Martin Thomas.

FIRE.—On last Sunday night the dwelling of Mr. Noah Brown, on the Baltimore turnpike, about two miles from Littlestown, was totally destroyed by fire. Mr. Brown, we learn, succeeded in saving all his household effects. The fire originated from a defective chimney. We understand the house was fully insured.—*Press.*

FOURTH PAGE.—In our Agricultural Department, 4th page, will be found an interesting letter from D. P. F., detailing his observations at the New York State Fair. The writer is one of our most intelligent farmers, who occasionally favors us with contributions on agricultural topics, and from whom we should like to hear more frequently.

TO BE EXCLUDED.—Mr. Maltby, on behalf of the Railroad Company, gives notice that back drivers, porters, boys, and other persons who have been in the habit of blocking up the platform at the depot, on the arrival of trains, will hereafter be prohibited from entering the building until the passengers have passed out. Mr. Rouzer has been appointed special police officer for the Company to enforce this regulation.

THAT FOX.—The recent capture on the farm of J. U. Neely, Esq., near Hunterstown, threatens a protracted controversy between the rival hunters as to the merits of the capture. Last week "Fair Play" gave his version, and now "Justice" claims a hearing in reply. As the matter has but a limited and purely personal interest, in which the mass of our readers are not concerned, we must decline any further articles on the subject.

STORE REMOVED.—Messrs. Rebert & Bushman have removed their Store from South Baltimore street to Will's corner, in the Square, where they will be glad to see all their old customers and any number of new ones. Their stock of Dry Goods, Notions, Carpets, Queensware, &c., is very attractive, and kept full by constant additions. They invite buyers from town and country to call in and see for themselves, feeling certain that their goods and prices cannot fail to please.

INSTALLATION.—On the evening of the 6th inst., Wm. H. Tipton, D. G. W. C. T., installed the officers of Gen. Reynolds Lodge No. 180, Good Templars, in this place, viz: W. C. T., F. H. Hemperly; W. V. T., Miss Alice Powers; W. S., M. S. Flowers; W. A. S., Miss Carrie Young; W. T., A. W. Flemming; W. F. S., J. A. Koser; W. C., D. T. Koser; W. M., P. W. McElroy; W. D. M., Miss Jennie Powers; I. S., Miss Sadie George; O. G., J. Nevin Frey; W. R. H. S., and W. L. H. S., Miss Mary J. McCreary and Miss Lou Wolf; P. W. C. T., John A. Atwell.

SALES.—Isaac Beard has purchased a farm of 105 acres, with improvements, from John McKesson, in Liberty township, at $3,000.

The Russell family, (colored,) have sold their house and lot in Mountjoy township, for $600.

George Arnold has sold 15 acres of land on Seminary ridge, known as the "Burns" property, to George B. Pfaltzgraff, of York county, for $3,500.

Edward Woodward has sold to Hon. Edward McPherson, a lot of ground in rear of other lots of the latter on extension of Carlisle street, 20 by 90 feet, for $80.

CORRECTION.—We understand that the officers of the Gettysburg & York Turnpike company have no bill before the Legislature, asking either a vacation of the road or an increase of the toll. It was proposed to abandon the part of the road lying in Adams county if acceptable to the Adams county people, but by reason of objections raised the proposition was at once abandoned. The only bill pending before the Legislature, is one to authorize the Company to collect toll from persons using the pike from five to eight miles between the gates, without passing through them—it being claimed that many persons thus use the road, driving up the gates, and then passing around. The bill, as we are advised, is to reach such cases.

FATAL ACCIDENT.—On Thursday the 9th inst., whilst Mr. Joseph Shickley, residing near Littlestown, was engaged in lowering stone into a well which he had recently dug, a board at the top of the well, upon which he was standing, suddenly broke, precipitating him to the bottom of the well. Mr. Groft, who was at work in the well putting up the wall, was not aware of the accident until he heard the splash in the water below him. A son of Mr. S. who was near by, immediately went down into the well, and, assisted by Groft, hoisted the unfortunate man to the top of the well with a rope. Upon examination it was found that the neck of Mr. S. had been broken by the fall. Death must have instantly ensued. Deceased was about fifty years of age, and leaves a large family to mourn his sudden and unexpected death.—*Press.*

WHO HAS LOST A LITTLE GIRL?—Last summer a party of Gypsies, consisting of two men, two women and a girl aged about eleven years, passed through the village of Belmore, Crawford county, going west. Shortly after passing through the place, a man engaged at hauling logs came across a little girl aged about four years, who had been left in the road about a mile east of the village, on the route the Gypsies had just passed over. The man who was hauling logs picked up the child and took it to his home. The little thing could no give account of itself, nor has ever yet conveyed an idea who its parents are. The general impression is that the child did not belong to the Gypsies, and that they stole it from some family and becoming tired of it left it in the road as above stated.

There may be somewhere a mourning father and mother whom the publication of this item may lead to the discovery of a lost child. Will our exchanges give it currency as widely as possible?—*Fulton, (Pa.,) Democrat.*

DEATH OF SAMUEL WEAVER.—Our community was startled on Friday last by telegram from York, announcing that Mr. Samuel Weaver, of this place, had been killed at the railroad depot. Mr. Weaver, for several years, has been running a special freight car to and from Philadelphia, for Bigham & Bro., making weekly trips. On Friday morning, about 10 o'clock, the freight train, including Mr. Weaver's car, reached York, and the accident occurred while the cars were being shifted and separated. Mr. Weaver's car was still attached to the locomotive, a pig iron car in his rear having been uncoupled, and following slowly on the track at a distance of about ten feet. He was in the act of leaning over from the rear of his car to adjust the bolt pin, when a sudden forward lurch of the locomotive threw him off and on to the track. Before he could recover himself, the pig iron car passed over him, cutting off both legs, the right above and the left below the knee. Thus maimed Mr. Weaver retained sufficient presence of mind to roll himself from the track and thus clear the other cars. Death ensued almost immediately from hemorrhage, his only remark being, "I am badly hurt." He was at once carried to King's hotel near by, but was dead before the house was reached.

Mr. Weaver was a prominent member of the Improved Order of Red Men, having a few years ago filled the office of Grand Sachem, the highest in the State. His remains were at once taken charge of by that Order in York, a committee accompaning them to Gettysburg on Saturday. The funeral services took place in St. James Church on Sunday afternoon, the pastor, Rev. Mr. Breidenbaugh, preaching an appropriate sermon. The church was densely crowded by representatives of the Order of Red Men, members of the Gettysburg Beneficial Society, (of which deceased was also a member,) and citizens.

Mr. Weaver was of active, stirring habits; and hence, although he retired from business some years ago with a competence, he preferred not to be idle, and from time to time engaged in employment suited to his energetic disposition. Having grown up in this community he was widely known as a useful, respected citizen, esteemed for his kindness of disposition and integrity of character. St. James church, of which he was for many years a prominent member, will especially feel his loss.

☞We are pleased to inform our friends that the Singer Manufacturing Company have concluded to open an office for the sale of their celebrated Sewing Machines in Gettysburg. This district will embrace Adams county, and be under the charge of Dr. J. E. Fackler, who has opened an office on Baltimore street, in the Store room formerly occupied by Rebert & Bushman. The Dr. will devote his whole time to the Sewing Machine trade and we are pleased to add that from what we have seen of him we judge that he will prove himself worthy of the confidence of our citizens.

The Travelling Agent of the Company, Mr. Beardslee, give us the following figures, which show conclusively that the "Singer" has outstripped its opponents in the great number of sales made:

In 1867 the Co. sold 43,053 machines.
In 1868 the Co. sold 59,629 machines.
In 1869 the Co. sold 86,781 machines.
In 1870 the Co. sold 130,000 machines.

These facts and figures go to show the great popularity of the Singer Sewing Machine and leaves comment useless. It

MUSICAL.—"Among the thousand and one Pianos offered to the public, we scarcely know any instrument so fully uniting all the desirable qualities sought for as the Knabe Piano. It is a matter of some difficulty and perplexity to inexperienced persons to select a good instrument of any capacity. We too often rely upon the judgment of friends in the selection of a piano, and are thus frequently disappointed. The only sure way, in our opinion, is to go to the best maker. For this reason, we recommend to our readers to purchase Pianos of William Knabe & Co's manufacture. This will relieve them the vexatious necessity of wasting time in a long search. The reputation of the Knabe Pianos is an infallible guaranty of excellence. In the houses of the most accomplished and wealthy of our citizens, and in our best seminaries and colleges, these magnificent instruments may be found. Nor is this any wonder, for, in purity, depth and constancy of tone, they are unsurpassed. Their gradation of scale is so exquisitely, and, at the same time, comprehensively attuned, that they are capable of expressing every emotion of the human heart and soul. Their tone is exquisitely pure and unique, and so even, sweet and sympathetic that it inspires all who listen to it, while at the same time the action is perfectly free, and the keys resound to the touch with such sensitiveness and intelligence, so to speak, as to make one almost think that the mind of the manufacturer lingers in his work. It

NO MORE COAL OIL LAMP EXPLOSIONS.—Coal oil furnishes a cheap and steady light, but many persons are deterred from using it by reason of numerous accidents resulting from explosions. The getting up a lamp that will effectually guard against this danger has been the aim of scientific men, and we believe the end has been accomplished in "Perkins & House's Non-Explosive Lamp." Mr. HIRAM WARNER, of this place, is Agent for Adams county, and has exhibited to us one of the lamps, which is novel in construction, neat in appearance, yields a steady brilliant light, and is so constructed as to make explosion impossible. It has been thoroughly tested by scientific men, chemists and others, who give it their unqualified endorsement. Mr. Warner furnished one of these lamps to Prof. Croll, of Pa. College, to be thoroughly tested and exploded if possible by any test he might see fit to apply. The annexed reply of the Faculty is the best endorsement of the lamp that our people could desire:

PENNSYLVANIA COLLEGE,
GETTYSBURG, PA., Feb. 7, 1871.

After a trial of Perkins & House's Lamp, I have no hesitation in recommending it as strictly scientific in structure, rendering it superior to any other in respect to safety; as securing a perfect combustion and giving out an amount of light rivaling the brilliancy of gas; and as steadier in flame and having less unpleasant kerosine odor than ordinary lamps.

TO SELL.—AT HALF PRICE.—A handsome CASE with glass front, suitable for store or library. Inquire at this office.

NEW DODGE.—The New York swindlers, who have been taking in green ones by offering imitations of greenbacks and other wares at low prices, have opened up a new lead. A few days ago Mr. James Bigham received a letter from "Hamilton & Gardner, importers and dealers in Fine Watches, Diamonds, &c., No 5 Beekman street, N. York; No. 31 Rue Place, Paris; and No. 118 Fleet street, London," inviting him to send on $13.75 for a valuable gold watch. The rogues have taken the trouble to *write* the letter on a letter sheet, with handsomely printed business heading, the more readily to deceive the recipient as to the character of the firm. We give the precious epistle in full:

NEW YORK, FEB. 9th 1871.

MR. JAMES BIGHAM.

Dear Sir:—The Hunting case stem winding Geneva Watch, manufactured by Jurgensen, No. 14,003, which we received from you by express on March 26, 1870, for repair, is now awaiting your order. You were correct when you stated that the watch could not be repaired in any city but New York. This is the third letter we have sent to you to this effect, the two former ones having been returned to us through the Dead letter office, leading us to suppose that no such person could be found. According to the laws of the State of New York, all goods held by us, in trust, for the period of one year, must be turned over to the State Treasurer, by him to be disposed of according to the provision of Section 3, chapter 5, Laws of 1865. Therefore this is the last notification you will receive from us in relation to the matter. Thirteen dollars and seventy-five cents is the cost of repairs, a moderate charge considering the time required to regulate it properly, and in substituting a new main-spring. It has been kept in running order for nearly a year, and has varied but 20 seconds during the whole time. What increases our anxiety in this connection is that you informed us in the letter which accompanied the watch, that you were not a resident of Green Mount; that you were afflicted with consumption and that you were travelling in America for the benefit of your health. We are unable to obtain the address of any of your friends, as your letter was destroyed. The watch is a valuable one, and must have cost when new about $400 in gold; though as the watch has been used two or three years, it would hardly fetch more $300 in gold at present. Barring accidents it will keep good time for at least 5 years.

If you are still living either call in person or remit $13.75 in a registered letter, and state plainly how you desire the watch to be sent. We hope you will lose no time in writing as every day the watch remains in our possession entails additional trouble and expense upon us.

It will be enclosed in a mahogony box lined with velvet.

Respectfully
HAMILTON & GARDNER.

Of course the expectation of "Hamilton & Gardner" was that Mr. Bigham would at once take the bait thus thrown out, claim the watch, forward $13.75, and receive in return a worthless article, if anything at all. As Mr. Bigham is not quite so "green" as some other people who are daily duped by these New York sharpers, instead of parting with his money, he turns the letter over to the Printer.

The Star and Sentinel.

Friday Morning, Feb. 17, 1871

[For the Star and Sentinel.

NEW YORK STATE FAIR.

Having during the past Fall had the pleasure of a visit to the New York Fair, I have thought that some account of things seen there, as well as of Western New York farming in general, might be interesting to the farmer readers of the "*Star*." After passing up the Northern Central Rail-road to Rochester, thence eastward on the New York Central to Utica, where the Fair was held, I found myself in due course of time located in a crowded hotel, surrounded with all the inconveniences and discomforts which are the usual lot of all who visit such places at such times. Utica is situated, almost in the centre of the State, in Oneida county, and is the centre of a large cheese dairying district and trade, it and Little Falls being the two principal interior cheese markets of the State. The Fair grounds are located near the town, with a passenger railway running from the depot, by the principal hotels, direct to the grounds. Once near the grounds the usual sights presented themselves, Cake stands, Fat women exhibitions, Snake shows, and "Cider for sale" almost without limit, from the thick pure juice of the apple down to the most attenuated solution well nigh guilty of apple flavor. Flying horses or rather Flying coaches were there too, but these revolved vertically and not horizontally, as in Pennsylvania. The Society, however, much to its credit, does not tolerate these exhibitions or horse racing on its own grounds, thus furnishing a good example to the local societies of the State. Once admitted, I proceeded to examine everything in detail, as well as the time at my disposal permitted. First in order came the Horses. The first stalls I came to were occupied by the stock of Edwin Thorne of Thorndale, Washington Hollow, Dutchess county, one of the most noted breeders of "Thoroughbred" and "Trotting horses" of the State. His highly prized stallion "Thorndale" stood first; a fine bay horse with black points, about medium size, with rather heavy bones and heavy neck for a fine horse and a common looking head and face. This horse was sired by "Alexander's Abdallah" and is of the best stock in the country. Mr. Thorne has refused nineteen thousand dollars for him, thus showing how he values him. To the casual observer there is nothing remarkable about him. He is neither very stylish nor very handsome, but when you see him out in harness to a light trotting wagon he at once attracts attention.—There is a certain ease about him when he goes from a walk to a trot that I never saw in any horse, and his gait is not only fast but very fast, and above all, he transmits, in a remarkable degree, these qualities to his colts. The trotting of such a horse is a pleasing sight; it strikes you at once that he is born to trot, and is in marked contrast with the trotting of some of the poor brutes that are forced to trot on our county tracks.

In the next stall stood "Hamlet," another of Mr. Thorne's stock horses; regarded as next in value to Thorndale for breeding purposes, altogether a much handsomer horse than Thorndale, very stylish in his walk and carriage and looking very blood-like. I did not see him move, can say nothing of his action, but as the judges awarded the 1st premium to Thorndale over all competitors doubtless "Hamlet" must be lacking in this respect. By the side of these horses stood a number of colts two and three years old sired by them, some of them very likely and others inferior. This was regarded as the best horse stock of the Fair.

Next to this stock stood the horses of Col. Morris of Mt. Fordham, also a noted horsebreeder of that region. These consisted mainly of "Mambrino" and "Messenger" colts, the latter principally grey, all of them showing by their light limbs, neat heads, and quick springy action, that there was more of thoroughbred than trotting blood in them. Leaving these and passing by many stalls filled with horses of all grades and names, we come to a stall labelled "Clydsdale stallion." The groom was there, opened the door and took great pride in showing his "hoss;" and well might he be proud of such an animal; an immense horse, from Canada, imported from the banks of the Clyde, genuine dappled grey, and weighing 1860 pounds, the "biggest thing" in horse flesh I ever saw, and with all this weight, seemingly not clumsy, overgrown or dull in spirit. Here, thought I, is the horse for Pennsylvania why don't we have such to breed from? Besides this, there were other horses, matched and unmatched, heavy, light, slow and fast, and musical Jackasses to end with, but I leave these and go to the pens of Hogs next in order. First we have a pen of "Cheshires" a sow and boar weighing six hundred apiece, with eight pigs, weighing about two hundred a piece. "Them pigs," said the gentleman exhibitor, "were dropped the 1st day of May." "What do you think of that?" said I to a sensible looking farmer at my side. "Why he hadn't ought to lie about it," said he, and we passed on. The Cheshires are white hogs almost entirely hairless and tailless. "This," said the exhibitor, "shows the fineness of the pork." I didn't stop to ask him whether he had read "Darwin" or not, but he seemed certainly to be imbued with the belief that a hog tailless and hairless was a finer order of being than one "haired" and "tailed," possibly a step nearer the human animal.

Next came the Yorkshires, not so fine as the above, by any means. With no owners present to speak for them they were left to speak for themselves. The first one interviewed laid claim to exactly 1000 pounds of pork in his individual body. "Do you believe it?" said I to a by stander. "Well he's not far from it," was the answer, and so we agreed that he might weigh 900 pounds, for he certainly was the "biggest hog" I ever saw. A few more of the same sort were lying around loose but not so large as the above. The Yorkshires are large, coarse, lop-eared hogs, usually black and white in color, and having so far as I could judge, nothing but size to recommend them. They grow larger than any other breed, but must undoubtedly take large quantities of food.

In a little pen, almost crowded out of view by the number and size of all others, lay a pair of sleek black pigs which made me halt and admire. I had been looking for the Berkshire but had not found them until now. They were the only pair here, but the quality of these made up for their lack in numbers. They were of small size, very fine boned, small head and ears and plump looking as a partridge, and notwithstanding the size of all others, I believe these pigs had more meat in proportion to offal, than any hogs there. The Berkshire breeders claim that their hogs have more good meat in proportion to fat and that the side pieces of a Berkshire will be grown through with red meat, when others will be all fat. How far these claims will hold in the trial, I have no means or knowing, but judging from their appearance I believe there is some foundation for it. The great failing of the Berkshire is his color; this will never take in any thing but a voter.

These were the only breeds of hogs represented, not a single Chester White was to be found. Upon inquiry, no one seemed to know much about them. A few liked them, others disliked them and some would'nt have them on the place, and I have come to the conclusion, that a man's opinion of any breed of hogs is always an exact exponent of his treatment of them; if the latter be good so will be the former and the reverse.

Medical.

A Great Medical Discovery

DR. WALKER'S CALIFORNIA

VINEGAR BITTERS.

Hundreds of thousands bear testimony to their wonderful curative effects.

WHAT ARE THEY?

THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and a LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all the poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell, provided the bones are not destroyed by mineral poison or other means and the vital organs wasted beyond the point of repair.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys and a hundred other painful symptoms, are the offsprings of Dyspepsia.

BILIOUS, REMITTENT and INTERMITTENT FEVER, which are so prevalent in the valleys of our great Rivers throughout the United States, especially those of the Mississippi, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Alabama, Mobile, Savannah, Roanoke, James, and many others with their vast tributaries, during the Summer and Autumn, and remarkably so during the seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In these as in all cases where obstructions of the liver, a weakness and irritable state of the stomach, and great torpor of the bowels, being clogged up with vitiated accumulations. In the treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S Vinegar Bitters, as they will speedily remove the dark colored viscid matter with which the Bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs. The universal popularity of this valuable remedy in regions subject to miasmatic influences, is sufficient evidence of its power as a remedy in such cases.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.

J. WALKER, Proprietor. R. H. McDONALD & CO., Druggists and Gen. Agents, San Francisco, Cal., and 32 and 34 Commerce Street, New York. SOLD BY ALL DRUGGISTS AND DEALERS.

DR. SCHENCK

ADVISES CONSUMPTIVES TO GO TO FLORIDA IN WINTER.

Having for the last thirty-five years devoted my whole time and attention to the study of lung diseases and consumption, I feel myself understand fully the course that ought to be pursued to restore a tolerable bad case of diseased lungs to healthy soundness. The first and most important step is for the patient to avoid taking cold, and the best of all places on this continent for this purpose in winter, is Florida, well down in the State, where the temperature is regular, and not subject to such variations as in more Northern latitudes. Palatka is a point I can recommend. A good hotel is kept there by PEEPMAN. Last winter I saw several persons there whose lungs had but few symptoms left, but who, under the healing influence of the climate and my medicine, were getting well.

One hundred miles further down the river is a point which I would prefer to Palatka, as the temperature is more even and the air is more bracing. Mellonville and Enterprise are located there. I should give a decided preference to Mellonville. It is twenty miles from river to lake, and it seems almost impossible to take cold there.—The tables in Florida might be better, and patients complain at times but that is a good sign, as it indicates a return of appetite, and when this is the case they generally increase in flesh, and the lungs must heal.

Jacksonville, Palatka, Tocoi, Green Cove, and many other places in various parts of Florida, can be safely recommended to consumptives in winter. My reasons for saying so are that patients are less liable to take cold there than here, there is a less even temperature, and it is not necessary to say that when a consumptive exposes himself to frequent colds he is certain to die shortly. Let such a person go well down into the dense vast of the woods of pine-ilting, and Wiggs and Pine Knots, Kickernolia, or Orange Vision, Pain in the Back, Hands, Feeling of the body, Dryness of the Skin, Eruption on the Face, Pallid Countenance, Universal Lassitude of the Muscular System, etc.

Used by persons from the ages of eighteen to twenty-five, and those thirty-five to fifty-five in the decline or change of life; after confinement or labor pains; bed-wetting in children.

Helmbold's Extract Buchu is Diuretic and Blood-purifying, and cures all diseases arising from habits of Dissipation, and Excesses and imprudences in life, Impurities of the Blood, etc., Superseding Copaiba in Affections for which it is used, and Syphilitic Affections—in these diseases used in connection with Helmbold's Rose Wash.

LADIES.

In many affections peculiar to Ladies, the Extract Buchu is unequalled by any other remedy—as in Chlorosis or Retention, Irregularity, Painfulness or Suppression of Customary Evacuations, Ulcerated or Schirrus state of the Uterus, Leucorrhœa or Whites, Sterility, and for all complaints incident to the Sex, whether arising from indiscretion or habits of Dissipation. It is prescribed extensively by the most eminent Physicians and Midwives for Enfeebled and Delicate Constitutions, of both Sexes and all ages (attended with any of the above Diseases or Symptoms).

O

H. T. HELMBOLD'S EXTRACT BUCHU CURES DISEASES ARISING FROM IMPRUDENCES, HABITS OF DISSIPATION, Etc.,

in all their stages, at little expense, little or no change in diet, no inconvenience, and no exposure. It causes frequent desire, and gives strength to Urinate, thereby removing Obstructions, Preventing and Curing Stricture of the Urethra, Allaying Pain and Inflammation, so frequent in this class of diseases, and expelling all poisonous matter.

Thousands who have been the victims of incompetent persons, and who have paid heavy fees to be cured in a short time, have found they have been deceived, and that the "Poison" has, by the use of "powerful astringents," been dried up in the system, to break out in a more aggravated form, and perhaps render a cure impossible.

Use HELMBOLD'S EXTRACT BUCHU for all Affections and Diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing. Price, One Dollar and Fifty Cents per Bottle.

L

H. T. HELMBOLD'S IMPROVED ROSE WASH

cannot be surpassed as a Face Wash, and will be found the only specified remedy in every species of Cutaneous Affection. It speedily eradicates Pimples, Spots, Barbreadie Pimples, Indurations of the Cutaneous Membrane, etc., dispels Redness, Roughness and Incrustations, Chilblains, Moth Patches, Dryness of the Scalp or Skin, Frost Bites, and all purposes for which Salves or Ointments are used; it softens the skin to a state of purity and softness, and insures continued freshness and beauty to the complexion, for which depends the agreeable clearness and vivacity of complexion so much sought and admired. Not however valuable as a remedy for existing defects of the skin, H. T. Helmbold's Rose Wash is unrivalled as a preventive. Thus it is regarded as a protector, by possessing qualities which render it a Toilet Appendage of the most important and essential character, combining in its elegant formula those prominent requisites, Safety and Efficacy—the invariable accompaniments of its use—as a Preservative and Refresher of the Complexion. It is also a reliable Lotion for diseases of the Urinary Organs, arising from habits of dissipation, used in connection with the Extract Buchu, Sarsaparilla, and Catawba Grape Pills, in such diseases as recommended, cannot be surpassed. Price, One Dollar per Bottle.
